**FLOODPLAIN DETERMINATION  
DEVELOPMENT PERMIT APPLICATION**

- Any proposed new development may not begin until AFTER authorization or exemption is issued.
- A physical address number for the subject property is required before a permit will be issued.
- Other permits may be required to comply with local, state, and federal regulations.
- This application expires one year from the date of application if authorization or exemption has not been issued.

To avoid delay, provide information to define the subject property, the location, and all existing and proposed development. The property deed, a map, and any other relevant information should be attached to this application.

**WARNING:**

The Flood Insurance Rate Map and other flood data used by Washington County in evaluating flood hazards are considered reasonable and accurate for regulatory purposes. On occasion greater floods can and will occur and flood heights may be increased by man-made or natural causes. We cannot guarantee that your property will not flood. Standards required by the Washington County Flood Damage Prevention Order are minimum standards. Reliance on these standards does not create any liability on the part of Washington County or any officer or employee of Washington County in the event that flooding or flood damage does occur.
